## WINE LIST

## *Introduction*

*A generation ago to know about wine you needed to be an expert in history, geography, geology and climate, as well as an epicurean. Today, with the main grape varieties becoming synonymous with particular flavours and styles, the world of wine has been simplified. Take Sauvignon Blanc as the number one grape associated with a distinctive style of white wine – i.e. the grassy, zingy, gooseberry fruit intensity that Marlborough, New Zealand created back in the late Eighties and early Nineties that has overtaken the more reserved stone fruit nuanced & mineral bone dry examples from the varieties ‘home’ in the Loire Valley in France, such as Sancerre & Pouilly Fumé. There in a nutshell is the contrast between ‘Old World’ (Europe) and ‘New World’ (Southern Hemisphere), wines that need food to shine and wines that jump from the glass bursting with flavours and aromas that are almost best when tasted on their own!*

*As grape varieties and blends of different grapes are now associated with styles of wine, we have organised our wine collection according to style, featuring the hallmark varieties / cultivars connected to those different styles.*

*Good wine is best enjoyed, many would say enhanced, by fine glassware and at Fonab we use Riedel - the Austrian family owned business that virtually introduced the concept of varietal specific glassware to the wine loving world and have continued in their quest to maintain a position of global market leader. For the fine and rare wines and especially those served using the **Coravin®** system we use the Riedel ‘Veritas’ varietal specific glassware – probably the finest practical restaurant use glasses available today.*

*The **Coravin®** represents an opportunity to ‘access’ and sample fine wine without the need to remove the cork. A superfine medical grade needle punctures the cork and Argon gas is pumped through it and displaces the wine, thus leaving the remaining wine intact for days, months, even years...until temptation calls again! In a word – revolutionary. Look out for the entry for each wine available in a 175ml pour dispensed using this unique device.*
