Press Release

August 2026

Celtic Castles named Luxury Accommodation Provider of the Year for second consecutive year

Specialist castle stay provider recognised for excellence in luxury travel at the Luxury Travel Guide Awards 2026/27.

Celtic Castles, the specialist provider of luxury castle stays, has been named Luxury Accommodation Provider of the Year at the Luxury Travel Guide Awards 2026/27, marking the second consecutive year the company has received the accolade.

The award recognises Celtic Castles' expertise in the luxury travel sector and its specialist approach to connecting travellers with exceptional historic properties across the UK, Ireland and beyond.

The internationally recognised Luxury Travel Guide Awards celebrate outstanding achievement, innovation and excellence across the global luxury travel and tourism industry, placing Celtic Castles alongside leading organisations and individuals from the international hospitality and travel sector.

With almost 30 years of experience, Celtic Castles has built a distinctive position in the market by specialising in castle stays and heritage-led travel. The company's portfolio brings

together carefully selected historic properties, offering travellers the opportunity to experience castles as guests rather than simply visit them as tourist attractions.

Founded from a passion for historic properties and memorable stays, Celtic Castles combines specialist knowledge with a highly personal approach to helping customers find the right property and experience for their trip.

Roger Masterson, Founder and Co-Director of Celtic Castles, known in the industry as “The Castle Man”, said:

“To be recognised as Luxury Accommodation Provider of the Year for a second consecutive year is a tremendous achievement for the whole Celtic Castles team.

“We have always believed there is something truly special about staying in a castle, but our role is about much more than finding a beautiful property. It is about using our knowledge and experience to match each traveller with the right experience and providing personal service throughout the journey.

“To have that approach recognised on an international stage is incredibly rewarding, and we are very proud of what the team has built over almost 30 years.”

The accolade comes as Celtic Castles continues to develop its portfolio of distinctive castle experiences and strengthen its position within the international luxury travel market.

With a growing international customer base and a focus on exceptional historic properties, the company remains committed to offering travellers an alternative to conventional luxury accommodation through authentic stays rooted in heritage, history and personal service.

ENDS

About Celtic Castles:

Celtic Castles is a specialist castle stay provider with almost 30 years of experience helping travellers discover and book unique castle experiences across the UK, Ireland and beyond.

With expert knowledge, carefully selected properties and a passion for heritage travel, Celtic Castles connects guests with some of the world's most remarkable historic accommodation.
